

FANIMATION®
SHOWROOM COLLECTION

2022 CATALOG

Whether it is the look of our fans, how they're engineered, or components like LED lighting with CCT Select and WiFi fanSync voice controls, we want to ensure our products give customers the best possible experience.

That means we'll do everything we can to meet customer expectations. Our commitment to a quality experience is what sets Fanimation apart.

It's why we do what we do!

MOTORS

LIGHTING

LED BOARDS or LAMPS—All integrated light kits, light kit accessories and accessory fitters utilize LED technology and meet ENERGY STAR 4.0 and CEC TITLE 24 specifications.

CCT SELECT

How do you like your light—warm, white or cool? Now you can choose! Featured on our DC fans and Kwartet, CCT Select allows you to choose the correlated color temperature (CCT) of your fan's light kit—3,000K, 4,000K or 5,000K.

PULL-TO-DIM

PC/DC L, LK179 accessory light kit and fitters F5, F6 & F8 feature Pull-to-Dim technology.

WIFI FANSYNC—VOICE & SMART CONTROLS

CONTROL YOUR CEILING FAN WITH YOUR SMART DEVICES & PERSONAL VOICE ASSISTANTS!

- WFR50
- fanSync WiFi® receiver
 - AC fan—3 fan speeds
 - Fan and downlight control
 - Timer, safe exit and favorites list via smart device

- WFR55
- Kwartet only
 - fanSync WiFi® receiver
 - AC fan—3 fan speeds
 - Fan and downlight control
 - Timer, safe exit and favorites list via smart device

- DC WiFi*
- fanSync WiFi® receiver
 - DC fan—variable fan speeds
 - Fan and downlight control
 - Included with DC ceiling fans

1 Wire and install the fanSync WiFi receiver into your ceiling fan's hanger bracket/canopy.

2 Download the fanSync WiFi app in the Google Play or App Store and follow the simple setup instructions.

Hey Google

Turn bedroom fan on.

Hey Google

Turn bedroom light on.

Google HOME

Alexa

Turn living room fan on.

Alexa

Turn living room light on.

amazon echo

INTEGRATES WITH:

amazon echo | Google HOME | nest | ecobee | SmartThings | + OTHERS

Devices other than Amazon Echo and Google Home connect via the IFTTT app.

LOCATION

Where you will install your fan is the first step in selecting the right fan for your space.

- Dry, indoor location: Choose from any of our fans—dry, damp or wet rated.
- Outdoor covered or high-humidity indoor location: Choose from our damp or wet rated fans.
- Outdoor location with likely direct contact with water: Choose from our wet rated fans.

AIRFLOW

When you buy a fan, you want to know that it will provide the airflow and comfort you desire. The Department of Energy (DOE) has made that decision easier with an airflow test procedure.

DOE AIRFLOW TEST PROCEDURE

The ceiling fan is mounted directly to the ceiling using the fan's included downrod. Hugger fans are flush-mounted. A sensor arm gauges airflow from various points along the length of the blade.

Additionally, packaging highlights the average-speed airflow, which, of course, is lower than the high-speed CFM numbers previously listed. We have chosen to include high-speed values in this catalog, along with the average-speed values required on the Energy Guide label.

Energy Guide—catalog

| ENERGY GUIDE | | | | |
|---------------|------------------|------------|------------------------------|--------------------|
| ENERGY STAR | TOTAL AIR VOLUME | ENERGY USE | ESTIMATED YEARLY ENERGY COST | AIRFLOW EFFICIENCY |
| AVERAGE SPEED | 4,873 CFM | 22 Watts | \$6 | 217 CFM/Watts |

The Brewmaster® carries on Fanimation's reputation for reproducing unusual, yet functioning, belt-drive fans. These fans were originally produced in the late 1800s by Snediker & Carr®, the premier belt-drive fan manufacturer of their day. Fanimation has adapted this timeless masterpiece to install and operate with more ease and durability.

- Neoprene belting replaces the high-maintenance leather belts.
- Lead and copper babbitt sleeves have given way to sealed ball bearings.
- Hardwood laminate blades that resist warping and splitting replace the temperamental solid wood blades.

The Brewmaster® combines the latest technology with several blade options including the original oversized wood blade design. The Brewmaster® is powered by a gearless direct drive motor, and allows you to operate one or two fans.

The image shows a grid of 16 rows and 5 columns of small black circles. The circles are arranged in a pattern where they appear in pairs in every second row. In the first row, there is one circle in the first column. In the second row, there are two circles in the first and third columns. This pattern repeats, with two circles appearing in the first and third columns of each subsequent even-numbered row. The odd-numbered rows contain only one circle each, located in the first column. The circles are black and have a thin white outline.

DOWNRODS & EXTENSION POLES

DOWNRODS

- Order according to length
- Use finish code to complete the part number—larger swatches on page 205
- See bottom of page for suggested lengths

STEEL

| | |
|----------|-------------|

| DR1-24** | 24" downrod |
| DR1-36** | 36" downrod |
| DR1-48** | 48" downrod |
| DR1-60** | 60" downrod |
| DR1-72** | 72" downrod |

TRUE STAINLESS STEEL

Wet location rated.
Resistant to rust and corrosion.

| | |
|-------------|-----------------|
| DR1SS-12*** | 12" wet downrod |
| DR1SS-18*** | 18" wet downrod |
| DR1SS-24*** | 24" wet downrod |
| DR1SS-36*** | 36" wet downrod |
| DR1SS-48*** | 48" wet downrod |
| DR1SS-60*** | 60" wet downrod |
| DR1SS-72*** | 72" wet downrod |

CHOOSING YOUR DOWNROD

Recommended downrod length is based on ceiling height.
Ideal distance from floor to fan blades is 7 to 9 feet—does not apply to Palisade.

For sloped-ceiling applications.

| Pitch (Rise/Run) | Angle | Minimum Downrod |
|------------------|---------|-----------------|
| 1/12 | 4.8° | Standard |
| 2/12 | 9.5° | 6" |
| 3/12 | 14.0° | 12" |
| 4/12 | 18.4° | 12" |
| 5/12 | 22.6° | 18" |
| 6/12 | 26.5° | 18" |
| 7/12 | 30.3° | 24" |
| 8/12 | 33.7° | 24" |
| > 8/12 | > 33.7° | > 36" |

Ideal distance from floor to fan blades is 7 to 9 feet.

PALISADE® EXTENSION POLES

- For use with Palisade® only
- Order according to length
- Use finish code to complete the part number

| | |
|--------|----------|
| EP24** | 24" pole |
| EP30** | 30" pole |
| EP36** | 36" pole |
| EP48** | 48" pole |
| EP60** | 60" pole |
| EP72** | 72" pole |

EXTENSION POLE COUPLERS

- For use with Palisade® only
- Joins two extension poles together for extended lengths
- Use finish code to complete the part number.

EPCP** Extension pole coupler

CLOSE-TO- & SLOPED-CEILING KITS

CLOSE-TO-CEILING KIT

- Replaces hanger bracket/downrod assembly to move your fan closer to the ceiling, creating more head room
- Intended for use with low ceilings.
- Please see individual fan pages for compatibility
- Tall and short kits both included.
- Tall dimensions: 5.13" (H) x 8" (DIA.)
- Short dimensions: 2.67" (H) x 8" (DIA.)
- For 4.5" included downrod fans: Subtract 3.74" for short close to ceiling kit and 1.28" for tall close to ceiling kit
- For 6" included downrod fans: Subtract 5.24" for short close to ceiling kit and 2.78" for tall close to ceiling kit

PASSION, HERITAGE & PRESERVATION

Led by our Founder and Chairman, Tom Frampton, Fanimation is dedicated to preserving the history of fans and the fan industry. For years, Tom has been an avid antique fan collector and member of the Antique Fan Collectors Association (AFCA). The AFCA membership has operated a museum since 1997, displaying fans on loan by the membership; this museum was in Wichita, Kansas up until 2008, when the need to relocate the museum arose. Answering the call to preserve viewing of the one-of-a-kind collection, Fanimation made the offer to house the museum at its facility in Zionsville. The move and set-up took nearly a year and the museum saw its reopening July 23, 2009. Since that time, the museum has grown and continues to grow, housing over two thousand antique fans on two floors. Tom's own unique collection of fans is a part of the museum collection along with over 500 antique advertising style hand fans and other fan memorabilia.

LOCATION

10983 Bennett Parkway
Zionsville, IN 46077

HOURS

Monday thru Friday 10 am - 4 pm
Or call for an appointment, 317-733-4113

MUSEUM HIGHLIGHTS

- The AFCA museum contains more than 2,000 antique ceiling, desk and hand fans with over 140 manufacturers represented
- The oldest electric desk fan in the museum dates from the early 1890's
- The oldest non-electric fans (steam, belt & pulley or water powered) date from the early 1880's.
- It is the only antique fan museum open to the public in the world
- The AFCA has approximately 850 members worldwide
- The museum contains some of the earliest battery-powered fans, water-powered fans, wind-up fans, electric hand-held fans, ceiling fans, wall fans, desk fans, pedestal fans, rail-car fans and fans that don't even look like fans.
- The museum contains hundreds of hand-held fans that feature advertising from manufacturers, retailers, politicians and movie stars.
